**RE: ENVIRO -FUEL AND CHEMICAL COMPANY LIMITED PRODUCTS.**

We are proud to inform all concerned that we have been associated with Enviro-Fuel since they introduced bio-diesel to the motor industry in Malawi.

Apart from cost related and economic benefits that we enjoyed by using bio-diesel, we noticed a significant improvement in the performance of our fleet as well. We have data to back up these observations.

We are among those that would plead with the relevant authorities to consider granting a license to Enviro-Fuel Company to start producing bio-diesel at the earliest.

We thank you in advance.
